

I am honored to share an update with you on important bills I've sponsored and voted in favor of, media appearances, and hearings that we had in the last few weeks of the 118th Congress. It is an honor to continue fighting for you in the halls of Congress!

I voted in favor of H.R.1 - The Lower Energy Costs Act

H.R.1. lowers energy costs by increasing American energy production, exports, infrastructure, and critical minerals processing by promoting transparency, accountability, permitting, and production of American resources.

The first step to unleashing American energy starts with the passage of H.R.1. The Lower Energy Costs Act rolls back Biden's attack on domestic energy production, incentivizes domestic mineral production, and stops regulations that delay projects that are critical to our energy independence. No one produces energy cleaner in the world than the United States of America. I am proud to have supported this effort in the House of Representatives.

I voted in favor of H.R.5 - Parents Bill of Rights Act.

H.R.5. amends the Elementary and Secondary Education Act (ESEA) and the General Education Provisions Act (GEPA) to require public schools to allow parents to review certain materials and to be informed of, and grant consent for, certain activities. In addition, the bill would establish requirements on local education agencies (LEAs) as a condition of receiving federal funds.

Parents have a right to be involved in the education of their children. Parents have a right to know what's being taught in schools, they have a right to access the reading materials, they have a right to know their children are safe, and they have a right to be heard. I'm honored to support this bill.

I exposed the left's hypocrisy during the Judiciary Hearing: Parents' Fundamental Rights

Parents are NOT domestic terrorists, and I won't stand by while the Biden Administration weaponizes government against parents who ask questions about their child's education. In my latest judiciary hearing I showed images of the 2020 mass riots across the U.S. The FBI set up a hotline to report concerned parents at school board meetings. They never set up a hotline for the criminals burning down our cities in the summer of 2020. This is what domestic terrorism looks like. Rest assured I will continue fighting for parental rights.

I joined Fox & Friends to highlight the incompetence of the Biden Administration following Iran Drone Strike

I joined Fox and Friends to discuss Joe Biden's continued foreign policy failures. The world is more unstable with the Biden Administration at the helm. Instead of leading from a position of strength, Biden is leading with weakness through teleprompter.

I published an Op-Ed on San Francisco's outrageous reparations plan

I say this as the great-great-grandson
of a slave: if there were ever a
political slippery slope, this is it.

– *Rep. Wesley Hunt*

I released the following statement regarding the deadly shooting at Covenant School in Nashville, TN.

March 28, 2023

Congressman Hunt released the following statement regarding the deadly shooting at Covenant School in Nashville, TN

"On Monday, a homicidal maniac walked into the Covenant School in Nashville, Tennessee and butchered six people, three were children the age of nine. The victims were identified as Evelyn Dieckhaus, Hallie Scruggs, William Kinney, Cynthia Peak, Katherine Koonce, and Mike Hill.

Emily and I offer our deepest condolences and prayers to the victims and their families. The Bible offers us comforting words in moments of tragedy, and one that comes to mind is from the book of Psalms:

*The LORD is close to the brokenhearted and saves those who are crushed in spirit.
- Psalm 34:18*

To the families of the victims, please take comfort in knowing that God is with you and is holding you close during this time of grief. Emily and I, pray that you find peace and strength in the difficult days ahead.

In the moments after gunfire rang out at the Covenant School, veteran officers of the Metro Nashville Police Department acted heroically. Their brave and selfless actions saved countless lives yesterday.

MNPD Officers, Rex Engelbert and Michael Collazo, rushed towards the gunfire, engaged evil and put down the active shooter. Many children and staff at the Covenant School are alive today because of the heroism displayed by these officers.

Yesterday's horrific tragedy is another illustration of why Congress must act to harden our schools and protect what is most precious to all of us, our children. There is simply no excuse for schools across the country to be soft targets. In the weeks ahead, I look forward to working with any member of Congress who is willing to tackle this issue head-on.

Let me also be very clear. Under no circumstances should law-abiding citizens be subjected to additional restrictions of their Second Amendment rights because of the actions of a mentally ill and deranged murderer.

America doesn't have a gun problem, it has a values problem, and until we address the underlining cause of this illness that has stricken the very fabric of our society, we must do the only reasonable thing we can to protect our children and that's securing our schools," said Hunt.

Our children are the most precious gift from God. We must do everything we can to protect them. No member of Congress should be safer than our children, and this is why I am committed to working with any of my colleagues who will support legislation to harden our schools. We must make are schools safer.

Sincerely,

A handwritten signature in black ink, appearing to read 'Wesley Hunt', with a large, stylized 'H' and 'W'.

Rep. Wesley Hunt

Member of Congress
